Argentina

0158		Very Rare Paramo, Tierra del Fuego Cover, 1891 addressed Buenos Aires, franked with Very Fine top margin single example of the "Sociedad Lavaderos de Oro del Sur" (Southern Gold Mining and Panning Company), "Mining Implements and Letter" 10c red adhesive (Kneitschel #1), tied by single circular postmark "Paramo 6 AGT 91", with "Buzon 61" mailbox postmark adjacent, "Sucursal Centrosud/ C AG 19 91 BA." and "Buenos Aires AG 19" receivers on reverse, a postage due charge was not applied, indubitably an oversight since this stamp had no franking validity outside Tierra del Fuego, >a very rare cover, and the only one recorded with the Paramo postmark<, cover displays usual aging, and two filing creases which do not affect the adhesive, the postmark is an ideal strike, Fine-Very Fine, accompanied by 2000 Solari and 2007 Sismondo certificates, a marvelous cover that will add an enviable dimension to any sophisticated Argentina collection or exhibit ! 0365		1845 Official Cover to Spain with "CORREO MARITIMO" Marking , folded lettersheet legible blue "CORREO MARITIMO" No.2 over 1 showing both numerals, addressed to Granada with additional black Municipal seal handstamp, blue oval "FRANCO" and red "A" handstamps, backstamped red Granada "baeza" cancel and with largely intact wax seal, some minor usage faults, Very Fine, the arrangement of the CORREO MARITIMO marking numerals shows that this scarce marking had a moveable number to coincide with the eight mail ships, this particular theory was unproven until this cover was found; an important piece of Cuban maritime postal history and probably unique. (Photo)	750-1,000
